

# Transplant & Specialty

Mixing our provider contracting experience with proven data to negotiate a win for Providers & Payers

The 6 Degrees Health Transplant Network provides an exclusive collection of best-in-class providers of solid organ and bone marrow transplants. We use a creative approach to achieve strong provider contracts nationwide and excel in negotiating single-patient agreements for non-network services.

## **Bundled Rates**

All-inclusive rates for transplant and catastrophic care

## **Flat Access Fee**

Fair, reasonable, and transparent fee structure

## **All Specialty Services**

Direct contracts and negotiated rates for cancer, cardiac, ortho, dialysis, etc.

## **Expertise**

Peace of mind and understanding to help navigate a complicated system

## **Transplant Repricing**

Benefit language-driven, reference based repricing option for traditional network plans

## **MediVI Technology**

Objective analytics for use in negotiations
